

Sapam Reena Devi with her children, SJS Centre, Singjamei

“It is really wonderful and also a new experience to work with this lamp. Earlier we spend around Rs.13 (cost of a packet of Candle) per day for my works and children’s study. I should say that I got this lamp in the right time. My son was so happy to study with this lamp during preparation of his final examination.

Even neighbour’s children do come and join in the study at night. How happy I am as a mother to feel the joy and happiness of my child in a warm environment. My child got 3rd rank in the final examination. For this I am thankful to Chanura”.
